There is no longer a section devoted to Wellcome Tropical Institute collections: these are now integrated with the other categories a key to their re-categorization can be found in Appendix IV.

Primary Sources

Most of the material was collected in 1941-42 in preparation for two M-O publications, *People in Production 1942* and *War Factory 1943*.

Rebecca and Russell Dobash Files

But thirdly, given the weight and strength of evidence for fluoridation, it cannot be solely antifuoridation lobbying; it suggests an inherent antifuoridation bias in certain journalistic circles. There is a restriction on the amount of photocopying allowed.

Papers of Ian Downs

You may have up to ten items on reserve. Research notebooks; correspondence with the Royal Society; writings; photographs; papers relating to work and interests outside the SRL. File includes article, 'Treatment of certain side-effects of morphine' by G Christie et al, *British Medical Journal*, March 1958, and correspondence with Dr F C Maddox concerning the possibility of using amiphenazole to treat opium addiction in a mission hospital in Thailand, July 1960.

Bundle of press cuttings [including photocopies] from local and national newspapers; as...

There is also a folder marked J H Material that contains an assorted collection of material relating to the Second World War and continuing neo-

nazi and far right activity into the 50s, 60s and 70s. Medical Attendant's Agreement 1 925 Agreement between Dr John Powell Jones Jenkins and the 'Committee on behalf of workmen at the works of Baldwin Limited at Panteg' Gwent, South Wales, setting out duties of the Medical Attendant at the steel works. Members of staff are involved in two other surveys briefly described below.
