Recent Acquisitions in Japanese Books

Many of the articles printed in H6gen contained material of great value; unfortunately, this magazine came to an end in 1938. PHONOLOGY 69 The scholar who most properly interpreted the special spellings of the Nara period and searched into their significance was Arisaka Hideyo.

Japanese language studies in the Shōwa period : a guide to Japanese reference and research materials / edited by Joseph K. Yamagiwa.

Tokieda Motoki's view of grammar is stated in a series of works published after 1941, including Kokugogaku genron, Kokugogaku genron zokuhen, Nihon bumpo: kogohen, and Nihon bumpo: bungohen. Thus, various works of the Meiji period 1868-1912 and of the Taisho period 1912-1926 are mentioned, to place Showa developments in their proper perspective. Yamada Yoshio, Kokugo no naka ni okeru kango no kenkyū 1~7~, 't 3 f l e U A study of the Chinese words in the Japanese language, Tokyo, Hobunkan, 1940.

Literature

The elucidation of historical changes in style is therefore an extremely difficult task. Mainly, the present collection has to do with a number of cognates found in these languages and with borrowing from one East Asian language to another.

Référence

It is regarded as being the oldest catalogue of Japanese books. He is especially concerned with the lexicon of Heian times and with the gathering of examples of the use of particles and inflected suffixes. To all of his colleagues, the editor wishes to make his acknowledgements.

Référence

Hall, Director of the Center for Japanese Studies, and to the Executive Committee and staff of the Center for their continued encouragement and support in compiling this volume. The reason why Hashimoto divided the history of Japanese phonology into three periods is perhaps founded on the fact that the materials of each era constituting the lower limit of the three periods are particularly abundant.

Literature

Dealing with the whole of Heian grammar are the articles by Miyata Waichirō in the journals Kokugo kokubun, Kokugogaku, Heian bungaku kenkyū, and Kaishaku. More recently, the Nihon Hōrō Kyōkai Japanese Broadcasting System has compiled its Nihongo akusento jiten. Also, the value judgments which speakers and writers place on these different styles have greatly varied.
