The Word In Masonic Ritual

If you examine it closely you will perceive how obvious the correspondence is between this story and the story of the death of the Christian Master related in the Gospels; and it is needless to say that the Mason who realizes the meaning of the latter will comprehend the former and the veiled allusion that is implied.

The Craft Degrees

The square, compasses, level and trowel all have symbolic significance and the Master Mason will never look at them henceforth in the same light as he did prior to receiving the degrees. What is that which is lacking to us? Until 2015, Sincerity was the only Chapter in Somerset with a tracing board. Welcome to the Provincial Grand Chapter of Sussex.

Royal Arch Chapter

In all the schools of the Mysteries, as well as in all the great religions of the world, the attainment of the spiritual goal just described is enacted or taught under the veil of a tragic episode analogous to that of our third degree; and in each there is a Master whose death the aspirant is instructed he must imitate in his own person.

The Craft Degrees

The lecture presented by the Senior Warden furthers the Fellowcraft's understanding of the completion of King Solomon's Temple and the importance therein. It is during this rebuilding that they make a discovery that brings to light the greatest treasure of a Mason - the long lost Master's Word. It may merely be stated that the movement itself incorporated the slender ritual and the elementary symbolism that, for centuries previously had been employed in connection with the mediaeval Building Guilds, but it gave to them a far fuller meaning and a far wider scope.

It is also the first mention we have of the Hiram Legend.

There is not a great deal of information about it, but it is apparently of the same design as one at the Liverpool Masonic Hall. Masonry (Freemasonry)

Supreme Councils not universally recognized exist in Hungary, Luxemburg, Naples, Palermo, Rome, Turkey. It is obvious, however, that it was very soon found that a broad moral concept would not satisfy everybody, and it became necessary to provide something as nearly approaching spiritual expression as is presented in religious worship, but without introducing anything that could become controversial — remember, controversy had been the curse of religious life for the previous 200 years.
