Main article: Although Australia has no official language, English is the national language.

Australia 2020: Best of Australia Tourism

Australia was responsible for the coffee—purported to have originated in a Sydney cafe in the mid-1980s. Australia's geology can be divided into several main sections, showcasing that the continent grew from west to east: the Archaean shields found mostly in the west, in the centre and , metamorphic and in the east. Throughout much of the continent, regularly follows extended periods of drought, flushing out inland river systems, overflowing dams and inundating large inland flood plains, as occurred throughout Eastern Australia in 2010, 2011 and 2012 after the.

Ferocious fires in Australia intensify

And no end is currently in sight.

Australia Map / Map of Australia

The Commonwealth Parliament also directly administers the following external territories: ; ; ; ; and , a naval base and sea port for the national capital in land that was formerly part of New South Wales.

Visit Australia

Australia

Australia appears in a book on astronomy by Cyriaco Jacob zum Barth published in Frankfurt-am-Main in 1545. Before European settlement, the animist beliefs of Australia's indigenous people had been practised for many thousands of years. The northern coasts and waters of Australia were by fishermen from what is now Indonesia.
