Manufacturing

The results of any of these attacks can be severe, ranging from loss of valuable ideas and market advantage to financial and reputational damage -- particularly in cases where sensitive customer data is compromised.

Should employers pay for home internet during remote work?

In 2000, the largest 10 shipping companies controlled of the market.

[Briefing #75] Internet governance in May 2021

Common carriage imposes one-size-fits-all rules on broadband providers, limiting the planes of competition and reducing consumer choice.

Manufacturing

Much of the executive order is in the same vein, strictly regulating companies or conduct out of fear of future misbehavior.
