The units of the Scottish Studies Awards remain in SQA's catalogue and can be delivered and assessed as part of other qualifications, or as freestanding units.

## Study in Scotland

The Award may be of particular interest to learners living and studying in Scotland, as it will provide them with opportunities to broaden their understanding and appreciation of the society in which they live. The series will deal with this process as well as with cultural phenomena, from debates about the relative value of Gaelic-based, Scots and Anglicised culture, to period-specific definitions of Scottish identity.
