You definitely want to heal first you'll need to build your EPs back up, though you can take your time about it.

The Seventh Cross (1944)

Wallau does not get caught too quick and is turned in by a close friend who actually was imprisoned for sometime. None are that dangerous, but these are there to distract you from the BIG fish that's following them, which is sort of a cross between a manta ray and a swordfish that's been fed a lot of growth hormones. Arm 4 Sea Worm gives you a projectile weapon instead of hand-to-hand fighting, which can be very useful.

The Seventh Cross

Your success also depends heavily on your maturity level, so to speak -- don't expect anything in double-digits right off the bat, and the same design that gives you a Level 10 part in your first handful of attempts may give you a Level 25+ part once you've generated a few dozen parts. And when it is, go out and beat the living hell out of every crab you can find.

The seventh cross : Seghers, Anna, 1900

First and foremost is the glimpse into pre-WWII fascist Germany. When you do, you wake up next to the initial monolith, back in the Origin stage of development.
