**Pethidine In Labour: Results In 500 Cases on JSTOR**

Patients who fulfilled the inclusion criteria were recruited.

**Pethidine In Labour: Results In 500 Cases on JSTOR**

If so, a small tube called a catheter may be put into your bladder to help you. Mrs Jones, an 80-year-old woman, has a history of Alzheimer disease in the middle stages and metastatic breast carcinoma to bone.

**Product Profile Page 6**

Use of pethidine should be avoided in patients with supraventricular tachycardia. It should not be toxic to the mother and fetus and should not produce cardiorespiratory depression in the fetus. Introduction Pain during labor is one of the most painful experiences that women could attain throughout the life.

**Obstetric analgesia: a comparison of patient**

One of these is to provide analgesia and relieve pain, which is what the drug is used for. At this moment, the most commonly used alternative for epidural analgesia is i. The dose should be adjusted according to the severity of pain and the response of the patient.

**Managing Pain in Geriatric Patients**

Data on sedation scores are summarized in Table.

**JOURNAL OF EVIDENCE BASED MEDICINE AND HEALTHCARE**

Side Effects It's common for people to notice some nausea when they first start taking an opioid drug such as pethidine. Analgesia may persist for two to four hours following intramuscular, intravenous and subcutaneous administration. Kasr Al-Aini Journal of Obstetrics and Gynecology, 2, 2026.

### **Pain relief in labour**

Opioid therapy for CNCP should be initiated as a trial in accordance with clinical guidelines and after a comprehensive biopsychosocial assessment has established a cause for the pain and the appropriateness of opioid therapy for the patient see Hazardous and harmful use. All pregnant women who presented with spontaneous onset of labor, a singleton live fetus at term in active phase of labor with cervical dilatation of 4—6 cm and consented to participate in the study were included in the study. Keep it where young children cannot reach it.
