Evidence assessment of the impacts of

the criminalisation of the purchase of sex: a review

In response, people trafficking syndicates are changing their modus operandi to avoid detection and, if detected, to make the elements of the offence harder to prove to the standard that satisfies the courts and juries Australian Government 2010: 29. In addition, NGOs can assist victims in cooperation with municipalities, or directly and via the Support Programme described below.

Sweden

Nonetheless, the Committee indicated that it remains concerned about the issue, as the potential to profit from this crime suggests the potential for the involvement of organised criminal groups.

The Organisation of Human Trafficking. A Study of Criminal Involvement in Sexual Exploitation in Sweden, Finland and Estonia

The national coordinator led a network of approximately 40 NGO-run safe houses, and adult female trafficking victims could receive services at women's shelters for victims of domestic and honor-related violence. Always also including in the assistance given are the children to the victims. NGOs identified an additional 30 victims.

Victims of human trafficking in three countries brought to safety

In interviews with experts from various units of the police, the prosecution service, the Border Guard, the social services and NGOs, the partial criminalisation of purchase prohibiting the purchasing of sex from a victim of human trafficking or procuring in Finland, was not thought to have had an obvious normative effect on behaviour or attitudes Niemi and Aaltonen, 2014. Are they acting for material or other financial benefit? Annual

report from the National Rapporteur 2. National Task Force against Prostitution and Human Trafficking NMT has a webpage with all major publications from authorities; The NRM-mechanism in English: The role and function of Regional Coordinators in English Reports from the Swedish Platform Civil Society Against Human Trafficking on the Platforms work: 1.

Order of Malta warns criminal gangs involved in trafficking

Turner and Kelly 2009 state that their proposed typologies are intended to facilitate empirical study of such connections by providing a framework for the collection and analysis of data.
