Graduate studies in Canada

If a potential supervisor has been discussed, please identify this in your plan of study. Official transcripts are only required to be submitted if an applicant receives an offer of admission.

Graduate

The cost of accommodation, food and local transportation varies from city to city.

Canada University Degree Programs

In Canada the Canadian Association of Graduate Studies CAGS represents the various Schools and Faculties of Graduate Studies.

» Search programs

You may also need to submit a recent writing sample to demonstrate your ability to write academically.

Graduate

The university has a critical mass of research expertise in six global priority research areas: energy innovations for today and tomorrow; human dynamics in a changing world; engineering solutions for health; new earth-space technologies; infections, inflammation and chronic diseases; and brain and mental health.
