### About Us

Each of these stand combinations is a work of art and because of this, we are limiting the color, design, and quantity of each one of these new productions.

### About Us

These pieces are all branded with a signature from the artist and are available on a first come - first serve basis. We carry live saltwater and freshwater fish, also live corals and invertebrates.

### Loading interface...

We will answer any questions, help you troubleshoot any issues, and give you guidance on picking the right fish, plants, and supplies.

### About Us

We also have supplies for garden ponds including fancy goldfish and koi.

### Loading interface...

Fishy business is a full line aquarium store specializing in fish tanks ranging from 3 to 300 gallons. Enhanced filtration system features dual filter intakes to draw aquarium water from the surface and mid-water for improved water circulation and filtration. Our service department runs 6 days a week and we can install aquariums anywhere in South Carolina.

### Fishy Business

We also have custom stand and canopies for any size aquarium.

### About Us

Choosing an aquarium specialty store over a big-box pet store means you have the opportunity to talk to people who truly know fish. The Oceanic BioCube features high-quality components and can be used for saltwater or freshwater setups.
