In addition to special effects, they were considered leaders in advanced projection, simulation and laser effects technology, and provided customized equipment for dozens of major road tours, and stationary installations. The K7RA Solar Update Tad Cook, K7RA, Seattle, reports: Sunspots returned with the New Year, with sunspot numbers of 13 and 16 on January 1 - 2, resulting in an average daily sunspot number of 4. Federal: DOL Occupational Safety and Health Administration OSHA U.

ARRL/TAPR Digital Communications Conference Banquet, Sunday Seminar Speakers Named

We will have two call-ups. If there is more than one Section in the state, it would be best to work together on a funding request and present a unified plan that may be better received by the POC and SAA. Further complicating matters was that 's, , a station serving portions of with a signal that penetrates Western New York, was assigned the same channel 7 allocation by the CRTC for its own digital signal.
