Multiple similar references to document a statement are usually not needed. In order to inform our readership of evolving technologies and techniques, publication of articles describing such options with adequate peer review is appropriate. The following are current OCUL Communities: Membership Community membership is at the discretion of OCUL member institutions.

### Guide for authors

It's maintained by Russell Investments, an industry leader in creating and maintaining indices, and consists of the smallest 2000 stocks from the broader Russell 3000 index. The art market seems to defy most conventional laws of economics, but has historically obeyed the law of supply and demand, prizing the rare above what is easily come by, and the unique above all. Reference links Increased discoverability of research and high quality peer review are ensured by online links to the sources cited.
