**Coronavirus' business impact:**

## Evolving perspective

Office versus home is not the only paradigm; options include teams that work mostly remotely but come together for periods of intense collaboration, or hub-and-spoke systems where remote workers can come into satellite or coworking spaces as desired.

## Coronavirus' business impact: Evolving perspective

Batteries and fuel cells get the attention, but is a nascent zero-emissions technology that some automotive OEMs, component suppliers, and start-ups are reconsidering. In particular it points to a pressing need for the international community to address the issue of the conservation and the rebuilding of global fish stocks that have been so quickly depleted.

## Coronavirus' business impact: Evolving perspective

We also conducted a baseline assessment of our direct farmer supply chain aligned to the principles to identify potential gaps.

## Applying experience and insights for good country outcomes

Today, as economies rebuild, the climate challenge is again top of mind. Environmental data from newly acquired operations are excluded from the running cycle. References British Petroleum BP , 2016, London.

## News Archive

To help achieve this, in 2018 we launched Eclipse, our supplier-focused collaboration platform, and we hosted a supplier event in the US where

more than 100 professionals and influential leaders came together in St. To alleviate extreme poverty more broadly, we need more and better data, especially from the poorest countries and those affected by fragility and conflict.
