## Locations

The beautiful dress had everyone on social media wanting a XiTshonga wedding. ...

## MAHLE Product Catalog

MAHLE understood early on that internationalization represents a unique opportunity and consequently rounded out its product portfolio by strategically founding new companies and taking over existing ones around the world. This is one of the strategic future fields of the group.

## Mahelet

. Designed by Vohni Couture, Kensani wore a traditional Tsonga gown with a modern twist. Our content is and , and our community is moderated, lively, and welcoming.

## Locations

We are now present on five continents. Four production sites and one development center are now being integrated into the MAHLE Group. At some 160 production locations and 16 major research and development centers, 77,000 employees develop and manufacture forward-looking products and systems.

## Mahelet

Our comprehensive range includes everything needed for repair and maintenance, such as fully finished pistons and assemblies in standard and oversize, cylinder liners for all internal combustion engines, complete piston ring sets, bearings and valves. With thousands of and , you can track your pregnancy and baby's growth, get answers to your toughest questions, and connect with moms, dads, and expectant parents just like you. The development and production of pistons and engine components is part of the traditional core business of MAHLE.

## Locations

This competence is also supplied to the Aftermarket — under the brand names MAHLE and CLEVITE.
