### Instruments and relics

The institution of the Greenwich Observatory in 1676 originated in the extension of navigation and the consequent importance of discovering a means of accurately determining longitude, and the Fellows of the Royal Society were appointed Visitors.

### John Crawford

In a journey of upwards of 2000 miles he fixed several positions astronomically, and for this service he was honoured with the Founder's Medal in 1853. Sir John Franklin was at that time our Vice-President, and he had from the first been a frequent diner at the Raleigh Club, and a constant supporter of our interests.
