Bureau of Reclamation

By 1887 the Whitney Ranch produced large quantities of oranges that were being shipped all around the area and to other states. In addition, the office is charged with ensuring the health and safety of the thousands of mine workers through the Mine Safety and Training Division, and through administering the Abandoned Mined Land Reclamation program, provides reclamation ensuring public and environmental safety from abandoned mine sites.

Sustainability assessment for portland cement concrete pavement containing reclaimed asphalt pavement aggregates

Part of the building front has been changed over the years, especially the south part, but the rest has remained fairly intact.

Sustainability assessment for portland cement concrete pavement containing reclaimed asphalt pavement aggregates

The excavation or grading is completed within one year.

Code of Laws

Fire crews have been extremely successful over the last 2 days on both fires maintaining the fire size and substantially increasing containment.

Chapter 74

Of all the places on this list, might be the most like what you think of when you think of ghost towns.

Mines and Minerals

The purposes of this chapter are to provide that: 1 the usefulness, productivity, and scenic values of all lands and waters involved in mining within

the State receive the greatest practical degree of protection and restoration; 2 no mining may be carried on in the State unless plans for the mining include reasonable provisions for protection of the surrounding environment and for reclamation of the area of land affected by mining.

BCR Companies

You can yell inside and the echo is something else. The Department may cooperate with any federal, state, or local government or agency, of this or any other state, in mutual programs to improve the enforcement of this Article or to accomplish its purposes more successfully. During a summer 1972 public meeting sponsored by CODE in Barnesville, part of which was captured by an ABC-TV documentary, Echo of Anger, some of those working at the strip mines came out to offer their opinions.

Welcome to the Rocklin Historical Society

After the Hathaway quarry was operating, the John M. People moved to Roseville by the hundreds and homes in Rocklin became valueless so some people burned their houses for the insurance they carried. Hanna was also one of the first to use a coal slurry pipeline to transport coal over a long distance.
