Or use the symbols on your map, if you are printing one, to indicate where the church is and then the reception area. The timestamp is only as accurate as the clock in the camera, and it may be completely wrong.

Dingbat Ornaments

Its very well written; I love what youve got to say.

My blog has a lot of exclusive content I've either written myself or outsourced but it seems a lot of it is popping it up all over the web without my authorization. If you are working with more professional design software like Adobe Illustrator, you can use the dingbats to create borders, or turn them into vector art that you can manipulate into a more complicated design. But maybe you could a little more in the way of content so people could connect with it better.
