Dīwān al

About a period earlier to it and perhaps aeons ago, Kalinga Desha was flourishing with power of land, Sea and even air-travel with the help of birds, perhaps human made machines, and to-day about 700 temples exist and Bhubaneswar city is called the TEMPLE CITY. He was also the first to find the general geometric solution to cubic equations.

Dīwān Lughāt al

Sukraniti while referring to fire-arms, agneyastras says that before any war, the duty of the minister of war is to check up the total stock of gunpowder in the arsenal. They, unlike you, are generous natured, good, hardworking human beings. Israel has the nukes to do so now, but what they are waiting for, I do not know.

Baghdad

A large standing army and a well-developed espionage system were maintained.

Dīwān al

These are of special value for the history of the nation, even during its period of decline, since they bear both the monograms and the names of numerous kings. Lions guard the northern entrance to the structure, while elephants flank the southern flight of steps that lead upto it. The gravitational effect of solar system makes the earth stable Rig-Veda 1-103-2, 1-115-4 and 5-81-2.

Baghdad

The Buyid regime was a military regime, its ruling caste composed of and troops.

Drugoto litše na Vŭzrozhdenskata literatura

We first find the Muslim month number corresponding to the first month of the Jewish year which begins in 20874 CE. Tauris Publishers, 2000 ,
