### Emergency Radiology

The applicant will have an opportunity to get acquainted with our working environment and facilities. Over 110,000 imaging examinations are performed annually in the Division of Emergency Radiology, which is equipped with the most state-of-the-art multi-detector CT scanners including two dedicated ED dual-energy CT scanners, a 1. Moonlighting opportunities are also available.

### Emergency Radiology

Emergency radiology refers to medical imaging X-rays, sonograms, MRIs, CT scans taken and interpreted in an emergency room. Fellows also have the opportunity to attend teaching conferences of other radiology subspecialty divisions. Through participation in multiple interpretation sessions under the supervision of expert faculty, participants develop a higher level of expertise and confidence in emergent imaging.
