Amber Brown books always feel really short -- even by the standards of a book about a fourth-grader -- but each one very vividly captures a specific moment in time, and work well both as standalones and as part of a series.

Amber Brown wants extra credit (1997 edition)

Amber is having a truly difficult time with the changes as well as all the emotions that go with it. She knew how kids felt, what made them laugh, what they wore, collected, read, and played with. In Paula's memory, The Amber Brown Fund has been established to bring authors and illustrators to schools and libraries which otherwise could not afford them.

Amber Brown wants extra credit (1997 edition)

All she wants is a little extra credit. She feels in trouble the most when her mother starts dating someone.
