Materials About Katie Anderson: Katie Anderson is an internationally recognized leadership coach, consultant, and speaker, best known for inspiring individuals and organizations to lead with intention. The All Sessions tab allows you to see a summary of all of the offerings for this year's conference. The conference considered how to achieve better outcomes from PFM reform efforts through approaches which extend beyond primary engagement with ministries of finance and which attempt to deepen reforms.

### Sessions

How do you feel when you deliver value to your customers, partners and colleagues? Presenters will share how Health Department staff quickly adapted to a new organizational structure and more nimble decision-making process incident command ; how they applied LEAN tools to improve case investigation and contact tracing processes; and how a pre-COVID investment in building a quality culture paid multiple dividends during the extended outbreak investigation. Conversely, how do you feel when you miss the mark by delivering waste? About Bella Englebach: Bella Englebach, President and Lead Consultant at Lean for Humans, Inc , blends Lean and creativity, helping organizations achieve innovative results. He is an economist with 30 years of management experience in state government.

### Government Contract Management Symposium

Attendees will gain an understanding of how A3 thinking and the four steps of the Improvement Kata can help teams achieve exceptional quality results by embedding continuous improvement practices into the daily routine. A recent Harvard Business Review article cited research that most managers think they are good at coaching but really, they are just telling people what to do.

### Government Contract Management Symposium

A significant aspect of great decision making based on actionable insights is having real-time access to accurate and relevant data.

### Sessions

، طبعة خاصة بمناسبة تسمية حلب عاصمة للثقافة الإسلامية ، Discover how the ADKAR and Gap models and the four phases of PM are a part of the eight

step problem solving model in PDCA.
