History of Europe

Responses to the Revolutions of 1848 reveal the existence of a powerful strain of conservatism in American cultural life.

The European revolutions, 1848

Within days of the vote of May 30 some sporadic clashes, between the authorities who sought to implement the Union, and Rumanians, who were very reluctant to accept it on political and linguistic grounds, were being reported. It is probably the most up-to-date general work on the subject. The provisional government set out to establish deeper government control of the economy and guarantee a more equal distribution of resources.
