A History of 19th

But Libya is only one of many countries that appear whole only on maps. St George became the patron saint of England and his cross eventually became the flag of England. What made him throw away the sophisticated techniques and tools of his trade, which he displayed with such brilliance in his early work—in his studies on war and death, grief and mourning in the 20th century, for instance, or on the rituals of royalty in the 19th? These fleeing trillions undermine national communities in real and symbolic ways.

In fact, there have been many moments in history when politics was suddenly expanded to a new, previously inconceivable scale — including the creation of the nation state itself.

Eliezer Ben

The obliteration of national differences is a more prolonged process than the breakdown of class differences. They are constantly changing in population size and power because of the limited restrictions of their borders.
