## Feminist Victimization Theories

Over half of those convicted for human trafficking offences were convicted for the offence of arranging or facilitating the arrival of a person to the United Kingdom for sexual exploitation.

## MAKING THE CRIMINAL JUSTICE SYSTEM MORE RESPONSIVE TO VICTIMS

After that, it was only a matter of time until more women became criminal justice professionals. Females reported more trauma, sexual abuse, interpersonal violence, chronic and recent medical conditions, unstable housing, and a lower rate of employment. Accounts of female migration were integrated with employment-based migration journeys of their intimate partners, highlighting their dependency and lack of agency in decision making.

## ‘A Vile and Violent Thing’: Female Traffickers and the Criminal Justice Response

And the Civil Rights Act was expanded in the year 1972, stating that women could no longer be discriminated against by police departments. The author also acknowledges the contribution of the ESRC in funding this research. The Code also recognizes that there may be more than one victim; for example, a child who suffers sexual abuse is a victim, but the mother who suffers emotional loss as a result of the crime may be a victim as well.

## What are the unique treatment needs for women in the criminal justice system?

While feminist theories have historically noted the privilege differential between men and women in society, current feminist theories often include other social dimensions such as race, class, and sexuality.

## ‘A Vile and Violent Thing’: Female Traffickers and the Criminal Justice Response

In a recent online conference, law enforcement leaders agreed to work together to block members of far-right organizations or others with radical views.

In such cases, it would generally not be in the public interest to continue, depending on the gravity of the offence.

### **‘A Vile and Violent Thing’: Female Traffickers and the Criminal Justice Response**

Convictions for trafficking offences also take place with a framework of severe sentencing, as outlined above.

### **How gender affects offenders and officers in the criminal justice system**

Conversely, proportionately more female offenders were convicted for the arranging offences, indicating that they were involved in the offence in a more peripheral way.
