To increase the effectiveness of folk remedies, several ingredients are combined. A bump in the eye after a bite passes within 2-7 days, depending on the type of insect.

Polet nasekomogo (1980 edition)

The effect is felt 5 minutes after applying the medicine. Но если личинки проделали ходы, то их можно не заметить и болезнь может развиваться уже в другом месте. Насекомые первыми на Земле выработали способность к полёту и поднялись в воздух, являясь единственной группой беспозвоночных, способной к полёту.
