A9 dualling proposals

Refer to - Tables 7.

Climate change

The Scottish Government's aim is to reduce emissions by 42% by 2020, with the longer term goal of an 80% reduction by 2050. The consultation is not the only way we have asked people what they thought about AI, and the opportunities and challenges that it presents for Scotland.

A guide to Mental Health Act reform proposals

If the council decides to close a school, it must notify Scottish Ministers within six working days of taking its final decision. Coercion and restrictive practices — The review does not want the wards to seek compliance from individuals to use coercive behavioural systems and restrictions.

Schools consultations

This early assessment stage ensured that all options under consideration met the stated objectives for the scheme and as a result, all of the remaining route options, i. The amended junction location for P4 along with the new link road, is preferred principally due to its reduced impact on the setting of Coxton Tower scheduled monument and listed building. Transport Scotland does not hold documented information relating to this opinion, however it is noted that costs and geological data will be considered as part of the DMRB Stage 2 Assessment and this will be used to inform the selection of the preferred option by the end of 2018.

Revised Elgin dualling proposals: EIR release

Therefore, taking account of all the circumstances of this case, we have considered if the public interest in disclosing the information outweighs the public interest in applying the exception. It is recommended that 16 or 17 years olds should not be admitted or treated without parental consent.

Places for Everyone

The discussions at the User Group have been used to inform some changes to the final set of questions. The Act also gives HM Inspectors a role in the process. Efficient and effective public transport is a key driver of several emerging national and local policies for sustainability and mobility; in Edinburgh this includes the , , and policy development and implementation.

Check an Environmental Impact Assessment (EIA)

Updated Section : Vehicle Operating Costs fuel and electricity.
