The Penguin Book Of Spanish Verse by Penguin Books Ltd

SPANISH DESCRIPTION ¡Rápido, fácil y divertido! After that, I would make notes on vocabulary.

The Count of Monte Cristo

I often pick up famous books, and their translations turn out to be so dry that I just cannot go through them. He also wrote a number of works of literary criticism and biography. They're very amusing, and lighten up some of the less marvellous parts in Rome.

Saville's Row with The Penguin Book of Spanish Civil War Verse

We will not remove any content for bad language alone, or being critical of a particular book.

The Penguin Book of Spanish Verse by Cohen J M Editor

I found the final story especia This collection is a challenging read for a language learner because the stories range from intermediate to advanced level and the translations aspire to be in line with the spirit rather than the word for word meaning of the writing. It was a good way to begin to read Spanish without getting completely lost in a maze of new words.
