

## Target Operating Models & Roadmaps for Change

The company is a leading bakery fats supplier to the bakery markets in Belgium, the Netherlands and France. He had the staff to fortify the northern shores with pillboxes, fortified gun positions, anti-tank defences, underwater obstacles, fire traps, mines and barbed wire. I knew that from that moment I would see it only from a distance, as grown-ups do.

### **Assignments**

It brings Netflix, Google's YouTube site and other Internet content to what is usually the biggest screen in households.
