### Crossrail

The requirement was for 65 trains, each 200 metres 660 feet long and carrying up to 1,500 passengers. In 2012, Crossrail faced accusations of. The project eventually moved seven million tons of earth.

### Crossrail

At Maryland this is because of the prohibitive cost of extensions and the poor business case, and at Manor Park it is due to the presence of a freight loop that would otherwise be cut off. It was revealed that an industrial relations manager, Ron Barron, employed by , had routinely cross-checked job applicants against the database. In 2013, Siemens also withdrew from the bid, but will provide signalling and control systems for Crossrail.

### Crossrail

However, it is alleged by the airport that is hostile to the idea of a station on the site, a claim disputed by TfL.

### Crossrail

. Following the practice adopted during the transfer of former services to London Overground in 2007, TfL will carry out a deep clean of stations and trains on the future Elizabeth Line route, install new ticket machines and barriers, introduce and , and ensure all stations are staffed. Cross London Rail Links Limited.

### Crossrail

The new station would connect HS2 services with Crossrail and National Rail services on the , as well as services running through the area. The Mayor's Transport Strategy estimated that an extension could assist in delivering 55,000 new homes and 50,000 new jobs planned along the route in and north Kent.

## **Crossrail**

Conditions to the extension were that any extra services should not affect the planned service pattern for confirmed routes, as well as affordability. Since these trains run over existing above-ground lines from Liverpool Street to , they will not call at.

## **Crossrail**

The main tunnelling contracts are valued at around £1.

## **Crossrail**

The project that became Crossrail has origins in the 1943 and 1944 by. Although dropped from the main scheme, the route was safeguarded by the as far as and , protecting the route from development. It was planned to bring at least one mock-up to London for the public to view the design and give feedback before final construction commenced.
