### Coal Policy Engagement

He has operated a jewelry business for more than 30 years and, more recently, has opened White Buffalo Tipi camp, which provides an immersive cultural experience for tourists. The royalty on bituminous coal which includes coals suitable for steelmaking or metallurgical coal is set at 1% of marketable coal until the project achieves payout i. In short, he had become incredibly wealthy from his coal deals.

### Coal policy engagement

Please ensure you filled out the DOCX, 24 KB form and selected Monthly Mineral Rental Statements on the ETS Account Setup Change Form. Now is the time to increase pressure to ensure the protection is complete and not just smoke and mirrors. The fact that the consultation is being led by the Department of Energy is itself a concern.

### Coal Law and Policy in Alberta, Part Two: The Rules for Acquiring Coal Rights and the Royalty Regime

The recommendations of a joint federal provincial environment assessment review on one of the proposed mines, the Grassy Mountain project, are this Friday. Our next posts in the series will examine the more complex issues associated with the regulation of coal exploration in Alberta and also seek to test the rationale originally offered for the evocation of the CDP, namely that it was a dead letter or had been completely superseded by subsequent regulatory developments.

### Aussie Coal Mines Pose Big Threat to Southern Alberta's Water: Study

He has supported the conservation work of the LLG for years. Every single one of you who reads and shares our articles is a crucial part of building a new model for Canadian journalism that puts people before profit.

### Analyses of Alberta Coal

We need to send a loud, strong, and united message to the UCP government asking that it immediately halt all exploration activities, and protect the waters, lands, and mountains in the province from any further exploitation by the coal industry. Please ensure request is on company letterhead and signed. The Crown has no authority to levy a royalty on privately owned minerals.

### **Alberta halts coal exploration on Rocky Mountains**

But coal mining could use up to 40 per cent of mean flow from small and abundant streams in this area. See in online learning for more information.

### **Aussie Coal Mines Pose Big Threat to Southern Alberta's Water: Study**

But there are still many unanswered questions around the decision. At that time the lands will show on as available.
