

Biotechnology and the environment - research needs

Noyes Data Corp. - Biotechnology and the Environment:

Description: -

- Biotechnology -- Environmental aspects -- Congresses Biotechnology and the environment - research needs

-Biotechnology and the environment - research needs

Notes: Includes bibliographies.

This edition was published in 1986

Filesize: 64.17 MB

Tags: #BIOTECHNOLOGY #IN #THE #SUSTAINABLE #ENVIRONMENT

Role of Biotechnology in Sustainable Agriculture.

Therefore, data scientists are the perfect types of scientists to help make sense of all that data.

ENVIRONMENTAL BIOTECHNOLOGY PRINCIPLES AND APPLICATIONS

. These outcomes are expected to have significant potential to positively improve the efficiency of POU water treatment devices.

Societal Concerns with Biotechnology

The final section is a discussion of some research needs to address future issues. Advances in technology have dramatically increased the rates at which these new biotechnologies can be developed, while at the same time, reducing the cost of development.

Biotechnology and the environment : research needs (Book, 1986) [metrics.learnindialearn.in]

In a similar way, impacts on plant community structure and non-target species and interactions among traits discussed below might occur, but their assessment will be case specific.
