## End User Computing Specialist

Today's workforce is increasingly mobile.

## End User Computing (EUC) Services & Solutions

The qualification addresses the need in the workplace for nationally recognised qualifications, based on unit standards, which will allow learners with workplace experience in End User Computing to obtain recognition for prior learning. The design of the qualification is unit standard based, to allow learners to qualify for a national qualification by accumulating the required credits via short learning programmes or workplace practical experience or both.

## End User Computing

Eastern Cape Academy of Technology 83. There is an opportunity for job placement assistance through our industry network after graduating depending on availability. Also investigating a concern within the field of enduser computing is Michael J.

## End user computing

The focus of users, IT organizations and the people who pay for end-user computing will shift, from the technology being used to the results delivered.

## End

Leading Edge Business Solutions Pty Ltd 177. With the consumerization of IT driving end-user preference for variety in endpoint devices, the end-user computing manager is caught between a rock and a hard place.
