## Encyclopedia of Gender and Society 2 Volume Set by Jodi O'Brien

Jeffery, Patricia, and Amrita Basu, eds. Gender studies and other intellectual advances have awakened us to such important themes as self and subjectivity; human identity and representation; authority and power relations; masculinity and femininity; body, sexuality and spirituality; and how to think and speak of ultimate reality and human destiny, of individuals and community, in a newly gendered, and sometimes transgendering, way. The history and concerns of feminist theory have to some extent paralleled those of postcolonial theory.

## Encyclopedia of Gender and Society 2 Volume Set by Jodi O'Brien

At the present stage of humanity's global experience it is no longer possible to work with exclusive, hegemonic models of language, thought, or anything else, derived from only one gender. Because each style has its own formatting nuances that evolve over time and not all information is available for every reference entry or article, Encyclopedia.

9781412909167

Advances in child development and behavior. Provides an excellent overview of the whole field of feminist research and women's studies in religion, using a large comparative framework rarely found in other publications. A valuable addition to any library.

9781412909167

Uses feminist psycholinguistics, standpoint epistemology, the idea of the philosophical imaginary, and a modified Kantianism to challenge the premises of Anglo-American analytical philosophy and to construct a daring, new feminist philosophy of religion. Journal of Abnormal Child Psychology.

Or does their language remain exclusive and androcentric, subordinating, disempowering, excluding, and oppressing women? Gendering the Spirit: Women, Religion, and the Post-Colonial Response. Separating boys and girls exaggerates these differences, but some people misunderstand this fact. But a great deal more comparative research is needed to show the strength of motivation arising from concurrent secular and religious

commitments of women from many different religious traditions engaged in working to abolish the traditional social and religious constraints of women's lives.

**Gender: early socialization: Peer socialization**

Exposure to externalizing peers in early childhood: Homophily and peer contagion processes. London and New York, 2004.
