

Differential equations and applications - proceedings of the International Conference on Theory and Applications of Differential Equations, Columbus, Ohio 1988

Ohio University Press - Robert Stephen Cantrell

Description: -

-

Belarusian language -- Readers

Anglo-Catholicism

Catholics -- England.

Church of England -- Parties and movements.

Slaughter and May.

OUR Brockhaus selection

Music

Islam -- Relations -- Hinduism.

Hinduism -- Relations -- Hinduism.

Kalki (Hindu deity)

Muhammad, -- Prophet, -- d. 632

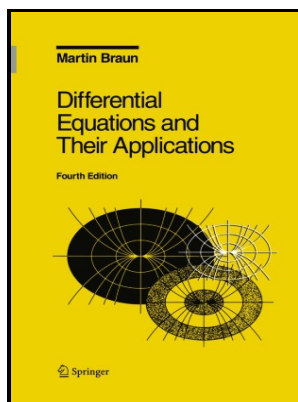

Cabala.

Differential equations -- Congresses. Differential equations and applications - proceedings of the International Conference on Theory and Applications of Differential Equations, Columbus, Ohio 1988

-Differential equations and applications - proceedings of the International Conference on Theory and Applications of Differential Equations, Columbus, Ohio 1988

Notes: Includes bibliographies.

This edition was published in 1989

Exact controllability of the wave equation with Neumann boundary control

Manuscript reviewer for International Textbook Co. Funded Plenary Talk PDE Seminar, Ohio State University, October 9, 2013.

PUBLICATIONS (“*” means the paper was peer

Lions, Exact controllability, stabilization and perturbations, J. American Mathematical Society Regional Meeting 960 Special Session on Nonlinear Differential Equations and Applications, University of Alabama at Birmingham, Birmingham, AL, November 11, 2000.

Exact controllability of the wave equation with Neumann boundary control

Analytic solutions of a degenerated system of two nonlinear equations at an irregular type singularity, Kumamoto Journal of Mathematics, 8 1995, 61-99. International Conference on Dynamical Systems and Differential Equations, Southwest Missouri State University, Springfield, Missouri, May 31, 1996. A generalization of the Levinson theorem, The International Symposium on Ordinary Differential Equations and Applications, Western Michigan University, Kalamazoo, MI, May 20-22, 1993.

Blow

Pierce, Journal of Math. On asymptotic solutions of a Hamiltonian system with several turning points, in Differential Equations and Applications, Proceedings of International Conference on Theory and Applications of Differential Equations, ed. Invited Talk American Mathematical Society Fall Southeastern Sectional Meeting, Boca Raton, FL, October 31, 2009.

Lectures

Reviewer for Mathematical Reviews — Reviewed over one hundred articles. Two Stefan problems for a degenerate parabolic system.

Blow

University of Puerto Rico Mayaguez, February 4, 2009.

Exact controllability of the wave equation with Neumann boundary control

Ligeza: On distributional solutions of some systems of linear differential equations.

Blow

Analytic Theory of Differential Equations, Proceedings of Conference at WMU, Lecture Notes in Math. Conference on Ordinary and Partial Differential Equations, University of Dundee, Dundee, U. Colloquia talks at WMU: Feb.
