## Small Poultry Processing Plants and Services

There are many serious safety and health hazards in the poultry processing industry. Our lifestyle and many meat customer friends are testimonies to the benefits of raising pastured poultry. In meat and poultry processing plants, one shift may need to be reserved for cleaning and sanitization.

## Poultry Processors

Employees can also be exposed to biological hazards associated with handling live birds or exposures to poultry feces and dusts which can increase their risk for many diseases.

## Traceability Software for Poultry Processors

As part of these assessments, facilities should consider the appropriate role for testing and workplace contact tracing identifying person-to-person spread of COVID-19-positive workers in a worksite risk assessment, following. OSHA understands that some employers may face difficulties complying with certain OSHA standards due to the ongoing health emergency, including those standards that require certain types of worker training. Cloth face coverings are not PPE.

## BBirds

Personal cooling fans should be removed from the workplace to reduce the potential spread of any airborne or aerosolized viruses.

## Featherman Equipment

I turned on the machine, put 4 birds in and watched in TOTAL amazement.
