What does Pinocchio mean?

The unfortunate dog could not swim, but he made great efforts to keep himself afloat with his paws; but the more he struggled the farther he sank head downwards under the water.

Pinocchio (1940 film)

The Blue Fairy appears and asks Pinocchio why he was not at school. He saw his head embellished with a magnificent pair of donkey's ears! Leave it to us; this time we will force you to open it! He looked here, there, and everywhere, and at last he saw him hiding on the porch of a peasant's cottage. I am always promising to correct myself and I never keep my word! Towards morning he saw a long strip of land not far off.

Pinocchio Quotes by Carlo Collodi

The people came to their windows and crowded into the street in their anxiety to see the end of the desperate race. But, just as he was going to leap, the Serpent raised himself suddenly on end, like a spring set in motion; and the puppet, drawing back, in his terror caught his feet and fell to the ground.

Pinocchio (2019)

Пиноккио скорее даун, нежели наивное полено.

Pinocchio (1940 film)

You know what he does is wrong, yet all you feel for him is sympathy and make excuses for him, because the emotional turmoil he goes through is simply palpable. At last, after half an hour had passed, a window on the top floor was opened—the house was four stories high—and Pinocchio saw a big Snail with a lighted candle on her head looking out.

Pinocchio

He tried his utmost to reach the shore, but it was all in vain. Kimball then conjured up the design for Jiminy Cricket, whom he described as a little man with an egg head and no ears. He felt that no one could really sympathize with such a character and called for an immediate halt in production.
