It is the capacity to interrogate, eliminate possibilities, and establish a judgement based on negation of what is i. III, Emotion in the Thought of Sartre, Columbia University Press, 1965. First Edition Thus, First Printing.

Being and Nothingness

.

Being and Nothingness

For Sartre, intentionality implies that there is no form of self that is hidden inside consciousness such as Husserl's transcendental ego. While closely related to his treatises on imagination and to the views of experience he had expressed in his fiction, Being and Nothingness is not confined to these subjects. There's a sense in which it tries to define Sartre's philosophical and literary approach.
