Han'guk ūi kwanhon sangje (Book, 1995) [metrics.learnindialearn.in]

This meant marrying one husband, and serving him and his family, including his parents.

Personal appearance as teachable virtue : reading Yŏyongguk chŏn 容國傳 as kyubang sosŏl 閨房小說

There are several features that distinguish these six versions from one another. However, there were also general features that were considered ideal for both yangban women and kisaeng, such as fair skin, rosy cheeks, and dark eyebrows.

Editorial Board

The bandits were encroaching by the day from all directions. If Kwanjŏng is indeed a washbasin rather than the water itself, basins were made from a wide range of materials such as wood, stone, and even paper treated with oil and varnish. The widespread use of fragrances is attributed to the spread of Buddhism during the Three Kingdoms Period Yu Chihyo 2005, 85.

Chosŏn yŏsŏng ūi ilsaeng (Book, 2010) [metrics.learnindialearn.in]

Both the existence of peddlers and 31 Apart from textual resources, there are also a substantial number of artifacts though to have been used for cosmetics, with many being showcased in museums. If her appearance was untidy, or her attire unkempt, he was certain to remonstrate with and admonish her. Chǒng Pyŏngsŏl 2003 discusses how the very existence of YYGC and its contents contradict the current prevalent notion that women did not wear make-up in the Chosŏn dynasty.

Chosŏn yŏsŏng ūi ilsaeng (Book, 2010) [metrics.learnindialearn.in]

Second is the precise inventory of protagonists in each version. Next, I provided an overview of Chosŏn cosmetic culture by examining why

women wore makeup, overviewing the beauty ideals of the time, as well as discussing specifics regarding the cosmetic items used in Chosŏn. First, women were able to learn how to write by copying various texts, and the repetition of writing also resulted in women gaining good penmanship, which was considered an asset for marriage Chizhova 2018, 64.
