## Macromedia Contribute

The Send New Page dialog box appears. The reason these products are finally going away is no different than the story of Flash. Note: If you created a link to a new page, the new page draft appears and you need to return to the draft where you added the link.

## Macromedia Contribute 3 for Windows and Macintosh: Visual QuickStart Guide

We use this information to address the inquiry and respond to the question. The new page opens as a draft in Contribute. The tabs show you where you can add or update content on the page.

## Macromedia Contribute

We use this information for support purposes and to monitor the health of the site, identify problems, improve service, detect unauthorized access and fraudulent activity, prevent and respond to security incidents and appropriately scale computing resources.

## Macromedia Contribute 3 6

This privacy statement applies solely to information collected by this web site. For instance, if our service is temporarily suspended for maintenance we might send users an email. At the same time, Adobe is also stopping Shockwave for Mac updates and support on March 14, 2017 after the last release of the product.

## Macromedia Director 3.1/3.1.3

By default, Contribute places these files relative to the web page that they are linked to.
