Evidence For the Historical Occurrence of Klipspringer and Mountain Reedbuck on Kilimanjaro: Reply to Grimshaw, Cordeiro, and Foley

Williams, Useful and Ornamental Plants in Zanzibar and Pemba p.

Annual Report, Department of Agriculture, Tanganyika Territory 1943.

When a working plan for any forest or group of forests is contemplated, the first step should be the preparation of a preliminary report giving a short description of the forests and a brief statement, with any essential details, as to the lines on which the working plan will be prepared and the treatment proposed, with the reasons therefor : this report should be accompanied by a small-scale map showing proposed working circles and any other information that can be included. Universidad Nacional Autónoma de México, México, D. Vascular flora of Chittagong and the Chittagong Hill Tracts 3: 1-978.

Species richness and endemism in the Usambara mountain forests, Tanzania

Turrialba, Costa Rica, Inter-American Institute of Agricultural Sciences, 1957.

Ethiopian coffee—its significance to world coffee problems

Such measurements, besides taking up much of the time of the marking officer, can at the best give only rough estimates, 30 and under the system of measurement employed the estimated volume, on which the royalty is assessed, must in nearly every case be less than the true volume. In this useful review, they provide a revised account of mammalian extinctions on Kilimanjaro that differs from the conclusions reached earlier Newmark et al. Among the more typical species are *Combretum splendens*, *Erythrina tomentosa*, *Dombeya umbraculifera* and *Bauhinia reticulata*.

Species richness and endemism in the Usambara mountain forests, Tanzania

Sclater Road 5 90 5 90 Elgon Elgeyo 100 25 25 100 Total Uasin Gishu.

Tanzanian Forest Law

The criticism as regards the introduction of exotics does not, however, apply in regard to the gums, wattles, and certain other Australian trees. Flora de Antioquia: Catálogo de las Plantas Vasculares 2: 1-939. One year when the rains failed hippopotami were found in the south creek of the harbour at Dar-es-Salaam and we had one in our garden at the port entrance.
