### Summer Weather Presents Deadly Challenges for Firefighters

Some of the rescheduled dates land this summer. Cloud Fire Department Battalion Chief Jerry Raymond when are conditions are hot enough to be a concern? And Alberta Health in the province relating to the P.

### Will the more deadly COVID

I know the temperature is about 80. Overall, she said there is a lot to take into consideration, like if people who are not vaccinated were to come to a wedding, there may be company vendors that will not want to serve them.

### Sun Sentinel

Read more: While there is a lower risk outdoors of transmitting COVID-19 compared to indoors, Deonandan said people should wear masks when they are close to others. And that failure rate is enhanced when it happens in a high prevalence area. Every vaccine has a failure rate.

### Sun Sentinel

In these scenarios, people should be wearing masks and practising social distancing outside, he added.

### Will the more deadly COVID

We continue to identify technical compliance solutions that will provide all readers with our award-winning journalism.

### Will the more deadly COVID

Even a vaccinated person has a chance of acquiring the disease. So what does this mean for summer plans, weddings, travel and BBQ gatherings with friends and families outside? We are engaged on the issue and committed to looking at options that support our full range of digital offerings to your market. Shazma Mithani, an emergency room physician in Edmonton, Alta.

## Sun Sentinel

If government and health officials are able to get a handle on the rising COVID-19 numbers, Furness believes Canadian will be in for a similar summer to the previous year, but with some caveats — like limiting outdoor gatherings, social distancing, mask-wearing and travel restrictions. Raymond says the dry weather also increases the risk of wild and grass fires getting out of control. Read more: But new COVID-19 variants are on the rise, which are more deadly and transmissible.
