## What is Theology and What Should We Do with It? Two Theological Works That Shaped my Decade

The extracts are accompanied by commentary and annotation.

### Discernment: Theology and Practice of Ministry

Systematic theology is the discipline of looking to the entire Bible to determine what God says about a given topic. You can read the first address and watch a video of the second address.

### The Practice of Theology: A Reader by Colin E. Gunton

To show the idiocy of the situation of imagining something about God, consider R.

## What is Theology and What Should We Do with It? Two Theological Works That Shaped my Decade

They highlight a move within trauma studies more generally to consider the social conditions that surround any event of trauma. Several of these suggestions come from a list previously provided by Westminster Theological Seminary.

### Paul Tillich Resources

So, defining our terms carefully yesterday and honing our method was more than half of the battle. And it answers in terms of categories, structural laws, and universal concepts.
