### 1001 Designs for Whittling and Woodcarving

I like how Tangerman writes as well; he keeps the book from seeming to stale or purely educational. Tangerman's book is a classic and should be read by anyone interested in taking up the craft. May be very minimal identifying marks on the inside cover.

### 1001 designs for whittling and woodcarving : Tangerman, E. J. (Elmer John), 1907

The only complaint I can muster is that to today's eyes the black and white format appears old fashioned. This book is chock full of ideas and examples. Very minimal wear and tear.

### 1001 Designs for Whittling and Woodcarving by E.J. Tangerman

You should feel free to flip through the sections and read about what catches your eye, but this book isn't geared towards someone wanting to learn the techniques of woodworking or even whittling.

### 1001 designs for whittling and woodcarving : Tangerman, E. J. (Elmer John), 1907

While some readers might be disappointed in this book for what it does not do, provide patterns or detailed instructions, I like this book because it presents the breadth of wood carving possible with some historical perspective on each type.

### 1001 Designs for Whittling and Woodcarving by E.J. Tangerman

. This book was much larger and more extensive than I had imagined. Book is in typical used-Good Condition.

### 1001 Designs for Whittling and Woodcarving by E.J. Tangerman

Topic: Woodwork Format: Paperback Publication Year: 1976 ISBN: Does not apply.
