### Pharmaceutical Care

Pharmaceutical care practice is scarce and not systematic in Cuba.

### A Pharmacist's Perspective

The higher differences between the two groups were observed in items 2, 6, 8, 10, 12, 13, 14 and 16 P 0.

### Attitude and satisfaction of health care providers towards clinical pharmacy services in Ethiopia: A post

The benefits of physician-pharmacist collaboration. This occurrence was linked to education status and workplace of pharmacists as pharmacists with PharmD and working in state funded healthcare facilities, were exercising these tasks more often. Henceforth, the introduction of PharmD degree has led to a positive change in pharmacists working in Pakistani healthcare settings.

### Perceived value of ward

J Pharm Pharmaceut Sci 9:2 10, 1149-157.

### Questionnaire to assess patient satisfaction with pharmaceutical care in Spanish language

Used a quiet location for patient counseling. Strategies need to be developed to foster effective communication skills and an environment where both professions would have increased levels of comfortable in-person interactions as often as possible. The most common perceptions were: the pharmacist is a drug expert 70.

## **Pharmaceutical Care**

**Acknowledgments** The authors wish to thank all the community pharmacists practicing in Anambra State especially those in retail for their assistance during the course of this work. Cooperation between community pharmacists and general practitioners in eastern Germany: attitudes and needs.
