Nations and Nationalism: A Global Historical Overview, Volume 3: 1945 to 1989

What I briefly wanted to emphasise above, is the succession of the events that took place at the beginning of this century and which created the background behind the reflections that later shaped the present work. .

Review: The Emergence of Green Parties in Western Europe on JSTOR

.

Federalism and Regionalism in Western Europe

There are two problems with such views. The future of a party whose emergence was largely based on one issue, let us say anti-immigration or anti-establishment politics, can expectedly be challenged in its efforts to consolidate its position and the electoral support, by the lack of a clear programmatic standpoint on other fields, e. .

Keele University

Furthermore, the levels of regional autonomy remain relatively limited, both in policy and in fiscal terms. But the problem does not stop here. The most recent wave is dominated by xenophobic, or at least anti-immigration politics, whereas the precedent wave was dominated by tax protest and populist issues.

Comparative federalism and regionalism in Western Europe 2. In both cases, the social groups that are more likely to develop negative attitudes

towards immigration and prone to develop authoritarian positions in relation to questions such as law and order and welfare rights, can be found among those who have less to gain from the transformations of advanced capitalist societies. According to this hypothesis and voluntarily amplifying its implications, one could argue that the three parties act increasingly in response to the new cleavage hypothesis.

Keele University

. They are pre-occupied with a broad sweep of substantive themes, but in each case they focus upon one or other of the key trends that are shaping actually existing civil societies. In challenging arbitrary power and aristocratic privilege, early liberals sought to push back the frontiers of the state.

Political Ideologies: An Introduction

Therefore, their politics are strongly influenced by comprehensive protectionism and differentialist nativism Betz 2001. The same reform also enabled the regions and departments to bid for additional functions. But does this mean that the political strategy is to pick up new issues that might attract and gratify voters? In the nascent European state system, no state could be counted on to guarantee the security of others; therefore, each state could look only to itself and its own wealth and power to protect its domain.

Recent Theoretical Developments on the Inclusive Democracy Project TAKIS FOTOPOULOS

An explanation for this lack of interest can be ascribed to the theoretical approach that since the 1980s has won a leading position in studies of these parties and which favours descriptive and cause and effect approaches.
