OCLC Classify

OCLC numbers vary in length.

OCLC Classify

Enter ISBNs with our without hyphens. The classification numbers applied to books and other materials are used to arrange items on shelves and to support browsing, filtering and retrieval of bibliographic information in online systems.

OCLC Classify

The database is searchable by many of the standard numbers associated with books, magazines, journals, and music and video recordings. The Classify prototype is designed to help users apply classification numbers. Each ISBN is a 10 or 13 digit number.

67760911

The Classify prototype helps librarians apply classification numbers to resources in library collections. The UPC appears as a barcode symbol with 12 digits printed below it.
