Rhagovelia choreutes

A new species of Halobatopsis Heteroptera: Gerridae from Minas Gerais Brazil, with a key to the species. This species was codominant in several spring and autumn mixed species migrations near Flagstaff, Arizona.

The Semiaquatic Gerromorphans

Pronotum orange, lighter on lateral areas of anterior lobe, with margins brownish.

What do we know about the phylogeny of the semi

In addition, *Gelastocoris oculatus oculatus* Fabricius, 1798 and G. Bean Life Sciences Museum, R.

Rhagovelia choreutes

Proportional odds logistic regression MASS package were performed on data of the tournament using all individuals in order to analyse phenotypes related to mating performance. *Belostoma bakeri* :123 Arizona: Apache Co. Phylogeny of the semiaquatic bugs Hemiptera-Heteroptera, Gerromorpha.

Taxonomy and distribution of aquatic and semiaquatic Heteroptera (Insecta) from Cuba

Here, we wanted to test whether natural variation in male persistence and female resistance traits is also associated with variation in mating success.

What Do We Know About the Phylogeny of the Semi

Colorado River and tributary shorelines; 24 April; 925 m
