NOVA

The fragment concerns business with Abū al-Ḥasan Aḥī b. Boston, Massachusetts 1863 Wood is pulped and turned into paper, creating the Boston Weekly Journal. On Tuesday, Harvard Divinity School announced the finding to great fanfare and said King's paper would be published in January's Harvard Theological Review.

papyrology

I work largely in Greek and Arabic although I have some training in Coptic. You can view it on display at the British Museum in London. After attending the University of Lille, Delattre taught high-school classics and began working on his doctoral thesis, on the theology of Epicurus, who is best known for the doctrine that the goal of life is pleasure.

Sappho: two previously unknown poems indubitably hers, says scholar

Carbon-based inks respond differently than the iron-based inks do.

30 of the world's most valuable treasures that are still missing

These artifacts included jewels worn by the kings of Poland, works of art and other mementos.
