## Vincent van Gogh 1853

Theo kept a stock of Impressionist paintings in his gallery on boulevard Montmartre, but Van Gogh was slow to acknowledge the new developments in art. Image Title Date Current location Created in Medium, Dimensions Catalogue No. Generally the portraits were studies, created during introspective periods when he was reluctant to mix with others, or when he lacked models, and so painted himself.

## Vincent van Gogh 1853

Van Gogh finally started to attend the drawing classes after antique plaster models given by. Working outside and very quickly, he completed sketches and and. After three months, however, a lack of both drawing materials and models forced him to leave.

## Self

Van Gogh's gaze is seldom directed at the viewer.

## Vincent van Gogh (1853

Bread, coffee and became his staple diet. Van Gogh had two cells with barred windows, one of which he used as a studio.

## Self

In the winter I'm going to explore various things regarding manner that I noticed in the old paintings.

## Vincent's Life, 1853

In 1875 letters to Theo, Vincent mentions he saw Breton, discusses the Breton paintings he saw at a , and discusses sending one of Breton's books but only on the condition that it be returned. In 1890, suffering from a new bout of depression, he shot himself in the chest and died two days later. Van Gogh painted several groups of in 1885.

**Vincent Van Gogh, 1853**

Van Gogh then took a post as an assistant teacher in England, but, disappointed by the lack of prospects, returned to Holland at the end of the year.

**Vincent's Life, 1853**

After Gauguin's departure, Van Gogh imagined the two major versions of the sunflowers as wings of the Berceuse Triptych, and included them in his.
